

## SA RECYCLING

**Accepted Scrap Metal:** negligible tolerance level rejection regarding rust

- copper (must contain less than 30% rust)
- steel/iron/aluminum (alloys) are all accepted
- aluminum
- brass
- iron
- water heaters
- dishwashers
- washing machines
- dryers
- grills
- refrigerators
- microwaves
- patio furniture
- bicycles
- lawn-mowers
- pots / pans
- tools
- construction supplies
- fence posts
- roofing sheets
- air conditioning covers
- cans
- gutters
- playground equipment
- Nails, screws, nuts, bolts, etc.
- fire pit bowls
- home furnishings such as shelving or seating
- aluminum cans
- chain link fence
- sinks
- aluminum wheels
- radiators
- insulated copper wire

**Not Accepted:**

- items containing asbestos

- petroleum products
- lead-acid batteries or battery parts
- PCB capacitors and ballasts - items that contain or have contained PCBs (including small capacitors, fluorescent light ballasts and electrical transformers) - must have label "NO PCBs"
- airbags
- paint cans
- circuit boards
- explosives
- radioactive materials
- containers with free-flowing liquids
- pressurized/closed containers - must be clearly open and vented\*
- military scrap/explosives - no live ammo, gun powder or weapons
- poisons or corrosives (no acids or caustics)
- infectious materials - no sharps/needles
- mercury vapor lamps
- traffic signs or manhole covers
- beer kegs
- railroad scrap (rail, spikes or tie plates)
- oil
- fuel
- antifreeze
- asbestos
- propane or tanks
- ammunition shells or other explosives ordnance

\*Closed containers under pressure (propane/gas cylinders, fire extinguishers, aerosol cans, etc.) can only be accepted if stems are removed and opened (punctured, drilled, cut) so that containers are no longer pressurized and verifiably empty.
